"Aventurin is a complete centreboarder 16.40 m long (17.30 height) and 4.73 m wide built in carbon Kevlar glass epoxy composite. Draught with centreboard raised is 1.20m and 3.20m centreboard down. The carbon mast (Formula mast) installed on the bottom is 22.2 m above the deck. The boom is also made of carbon.

On board are three cabins, a very large one to fore (berth 2.35 x 2.85 x 2.0m) and two large cabins to the rear (berth 1.65m x 1.25m x 2.0m) and a fore locked which can be used as a sailor's berth. Living quarters are upholstered in Bordeaux leather, solid-wood veneer (3mm) bonded to surfaces, composite floors or directly on the composite hull.

The galley is fitted with a refrigerator, freezer, gas oven, extraction hood, microwave oven and a large capacity stainless steel sink. A washing machine (3kg) is installed under the galley sink. Automatic dust suction under the floors for easy cleaning. A desalinator (200l/hr) feeds two 850-litre tanks which can be ballasted. The main engine is 83 hp, the fuel reserve is 600l and can be increased to 900l.

This luxury yacht is a wonderful concentration of nautical experience and technology.
